

HANDICRAFT CONFERENCE & EXHIBITION 2024

VIGYAN BHAWAN, NEW DELHI

25 - 27 JUNE 2024

9AM - 7PM

INTRODUCTION

Handicrafts are unique expressions of a particular culture or community through local craftsmanship and materials. Handicraft production is a major form of employment in many developing countries and often a significant part of the export economy. A handicraft, sometimes more precisely expressed as artisanal handicraft or handmade, is any of a wide variety of types of work where useful and decorative objects are made completely by one's hand or by using only simple, non-automated related tools like scissors, carving implements, or hammers. It is a traditional main sector of craft making and applies to a wide range of creative and design activities that are related to making things with one's hands and skill, including work with textiles, moldable and rigid materials, paper, plant fibers, clay, etc.

Handicrafts from across the globe are captivating visitors at a **Handicraft Conference and Exhibition 2024 at Vigyan Bhawan, New Delhi from 25 – 27 June'24** in the national capital. We will have 200+ participants in our event from different countries, thus displaying a harmonious blend of nations united by trade. The main organizer of the Indian Handicrafts, the Ministry of Chamber and Commerce, enhances competitiveness among the exporters, and provide a variety of specialized services to the handicraft sector.
