in December 2024 at Mumbai jointly with World GREXPO Foundation & FROST & SULLIVAN Logo.This will be happened every December in Mumbai or Delhi.  
So this glorious certificates will help Middle Industries & Corporates to work in India & Overseas.

FROST & Sullivan will also extended their support to Middle Industries & Corporates for their overseas collaborations for Make in India Initiative & Vice versa.

This is a Wonderful Initiative for Middle Industries & Corporates.

**COLLABORATION FOR MIDDLE INDUSTRIES & CORPORATES**

World GREXPO Foundation and Frost & Sullivan

One of the biggest collaborations has officially been signed between the World GREXPO Foundation and Frost & Sullivan a prestigious organization with over 60 years of expertise.

This partnership aims to elevate the manufacturing units of mid-sized industries and corporations to become world-class standards.

This annual event presents a golden opportunity for mid-sized industries and corporations to enhance their organizations by understanding the Current Maturity, Competition & Industry Benchmark, Global Best Practices, and the Opportunities of Improvement to take the transformation journey to world-class standards. Those who are matured and deserving will be awarded certificates and trophies, co-certified by the World GREXPO Foundation and Frost & Sullivan, in December 2024.

By participating, you will not only boost your business prospects in India but also significantly impact your overseas business.

Join us as soon as possible to take advantage of this wonderful opportunity.

11 Years in Recycling, Waste management, Environment, Solar Energy, Biogas, Water Conservation, Supply Chain, Electrical Vehicles, ESG, CSR, Decarbonization, Flexible Packaging & Specialty Films in 23 years.

### Existing Activity of the Trust

We know things change in all areas of business and community on a regular basis. We provided timely programs focused on topics to communities or MSME business owners in today's technology driven world with respect to create awareness about water treatment systems, solid waste management and motivated them to work in association with the government schemes like Clean India and Green India movement, organizing conferences. MSME Chamber of Commerce and Industry of India also created awareness for the environment protection by publishing and distributing the journals. We organized program to encourage performers and students, propagate moral and ethical values in life and conduct similar activities. Embrace and Drive Change : If the change is a good one, we pledge to embrace it so that our members and our town continue to grow and thrive.

### Future Activities to be addressed
