

MSME Chamber of commerce and Industry of India

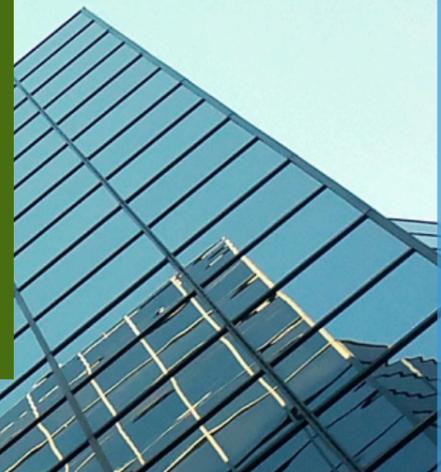

Speciality Films & Flexible Packaging

“ Flexible Packaging Revolution: Technology, Circularity & Global Opportunities

7th Global Sustainability Summit & Expo

14 - 15 March 2026

“ *The event will be Inagurated by Dr. (Mrs.) Shashi Panja, Minister-in-Charge for the Department of Industry, Commerce and Enterprises in the Government of West Bengal.*

”

- **MSME Chamber of Commerce and Industry of India** with Services Export Promotion Council, (SEPC) (Ministry of Commerce and Industry Govt of India), FOSMI & World GRESPO Foundation organising **7th Global Sustainability Summit & Expo** focused on Speciality Films and Flexible Packaging on **14th-15th March 2026 at Taj Vivanta Hotel, Kolkata.**
- Attendees included brand owners, raw material suppliers, converters, recyclers, packaging-machinery suppliers; as well as policy-makers, sustainability experts, and automation/tech specialists.

Conference Note

- Speciality Films & Flexible Packaging**
- The Speciality Films and Flexible Packaging Conference is a focused global platform designed to bring together industry leaders, brand owners, converters, raw material suppliers, technology providers, policymakers, and sustainability experts to deliberate on the present and future of one of the fastest-growing segments of the packaging industry.

Purpose of the Conference

- The primary purpose of this conference is to exchange knowledge, showcase innovations, and align the industry with global trends and sustainability goals. The forum aims to address critical challenges, explore new opportunities, and foster collaboration across the value chain—ranging from material science and machinery to recycling, brand requirements, and regulatory compliance.

Importance of Speciality Films & Flexible Packaging

- Speciality films and flexible packaging play a vital role in food security, pharmaceuticals, FMCG, personal care, agriculture, and industrial applications. Their advantages—such as lightweighting, extended shelf life, cost efficiency, convenience, and high barrier protection—make them indispensable to modern supply chains.
- With rising consumer demand, e-commerce growth, and export opportunities, this sector is central to India's manufacturing growth, Make in India initiatives, and global competitiveness.

Innovation & Technology Focus

Innovation remains the backbone of this industry. The conference highlights:

- **High-barrier, mono-material and recyclable film structures**
- **Bio-based, compostable, and sustainable packaging solutions**
- **Advanced coating, metallization, and functional films**
- **Smart packaging, digital printing, and automation**
- **Light-weighting and downgauging technologies** These innovations are essential for meeting **brand sustainability commitments, regulatory norms, and consumer expectations.**

Global Update & Future Outlook

The conference provides valuable insights into global market trends, regulatory developments, recycling frameworks, and circular economy practices from leading packaging markets across Europe, the Americas, and Asia. Discussions will also focus on export opportunities, global supply chain shifts, and India's growing role as a preferred manufacturing and sourcing hub for speciality films and flexible packaging.

Conclusion

This conference serves as a strategic knowledge and networking platform to drive innovation, sustainability, and global alignment, enabling the industry to grow responsibly while contributing to economic development, environmental goals, and India's vision of becoming a global packaging leader.

Key themes and highlights:

- India's rising strategic importance in global packaging under the "Make in India" push, aligning with Extended Producer Responsibility (EPR), recycling, and circular-economy models.
 - Convergence of rigid and flexible packaging solutions as complementary formats, catering to multi-format strategies in FMCG, pharma, e-commerce and other sectors.
 - Focus on innovation: next-gen materials (mono-materials, advanced coatings, barrier films), automation & digitalization, recyclability (including rPET, chemical recycling), traceability, sustainability, and circular economy.
 - Extensive business sessions and panel discussions — over 10 business sessions and 7 panel sessions — covering raw materials, sustainability, brand perspectives, technology upgrades, and global packaging trends.
 - Expo floor with 20+ exhibitors demonstrating live demos and emerging packaging/automation technologies.
-

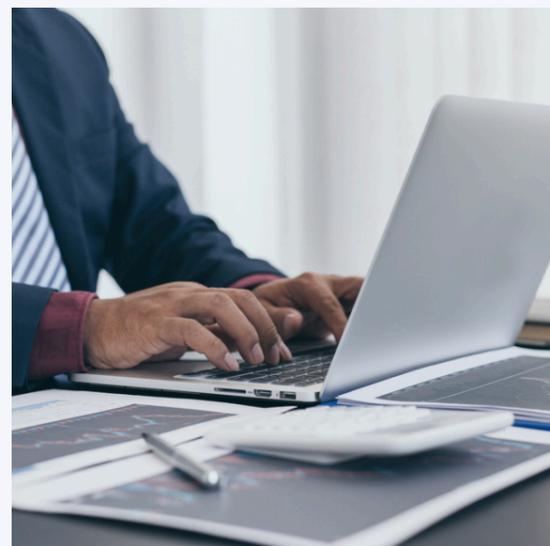

About MSMECCII – Who We Are & What We Do

- MSMECCII was established in 2019 as a non-profit “trust,” aiming to support micro, small and medium enterprises (MSMEs), start-ups, and small/medium corporates.
 - Our mission spans across business support, sustainability, social causes and global networking.
 - The leadership: The Chairman is an industry veteran with decades of experience in plastics, packaging, recycling, waste management, E-Waste, Renewable & Sustainable Energy, Rice Industry, Textile, Handicraft, Jute, Leather, Tourism Industry and related sectors.
 - MSMECCII has affiliations with global advisory members (including Padma Shri, Padma Bhushan, Padma Bhishushan aims to provide a global business network & knowledge sharing for its members.
 - Their core activities include:
 - MSMECCII plays a pivotal role in bridging industry, government, and global markets, creating an enabling ecosystem where enterprises can grow sustainably and responsibly. The Chamber actively supports industries through policy advocacy, capacity building, market access, technology adoption, and skill development, ensuring that Indian MSMEs are future-ready and globally aligned.
 - Organizing global conferences, exhibitions & awards focused on plastics, packaging, recycling (plastic/paper/metals/glass/agri/auto/electronics/waste), environment, sustainability, circular economy, EPR, waste-to-wealth, and related areas.
 - Supporting MSMEs & startups with market updates, policy updates, liaisoning, networking, and planning support.
 - Promoting social causes: women’s empowerment, support for girls’ education, “Swachh Bharat / Green India” campaigns, aid to disadvantaged communities (e.g. food distribution, winter-blanket drives), support for handicraft education — blending business focus with social responsibility.
 - Encouraging sustainable business practices — e.g. recycling, waste management, circular economy, sustainable packaging & flexible packaging & specialty films.
 - Facilitating global networking: enabling B2B, international trade linkages, export support, connecting MSMEs with foreign markets and global players via their network.
-

How the Global Packaging Summit Aligns with MSMECCII's Mission

- The global summit on specialty films and flexible packaging corresponds directly with MSMECCII's focus areas: plastics, packaging, recycling, sustainability, and circular economy.
- MSMECCII provides a platform for MSMEs — including small and medium packaging businesses — to connect with global suppliers, brand owners, recyclers, technology providers, and policy-makers. This helps MSMEs gain access to latest technology, recycling initiatives, and international business opportunities.
- MSMECCII's wider social and environmental agenda (Flexible packaging, recycling, circular economy) aligns with the sustainability-driven agenda of the packaging summit (e.g. recyclability, sustainable materials, environment-friendly packaging).
- By sponsoring or promoting participation in such summits, MSMECCII helps raise awareness among smaller businesses, facilitates adoption of global best practices, and encourages sustainable growth — which in turn strengthens the broader MSME sector in India middle Industries & large corporates also will be join.

Why This Matters — Strategic Significance

- Packaging is no longer a commodity: with rising global emphasis on sustainability, recyclability, and EPR — flexible packaging and specialty films are becoming strategic assets for FMCG, pharma, e-commerce, food & beverages and other industries. The summit reflects this transformation.
 - For MSMEs in India: Access to global packaging innovations, circular-economy practices and networks helps them stay competitive — especially as larger companies push for sustainability compliance, recycling mandates and advanced packaging standards.
-

- For India's economy: Entities like MSMECCI help integrate small and medium enterprises into global supply chains, promote **"Make in India / Make for World,"** and support socio-economic development via entrepreneurship, employment, inclusivity (women empowerment, social causes) — beyond pure business.
- For sustainability: Through summits and advocacy, there is a push towards reducing plastic waste, promoting recycling, circular economy — which addresses environmental challenges while enabling business growth.

KEY BENEFITS OF ATTENDING

- 👉 • **Access to Global Industry Leaders**
 - 👉 • **Deep Understanding of Sustainability & Circular Economy**
 - 👉 • **Latest Technology, Materials & Innovations**
 - 👉 • **Opportunities for MSMEs & Start-ups**
 - 👉 • **Networking With Global Stakeholders**
 - 👉 • **Policy, Regulations & Compliance Insights**
 - 👉 • **Market Trends & Future Roadmaps**
 - 👉 • **Showcasing Innovation & Company Branding**
 - 👉 • **Knowledge Sessions From Experts**
-

Mission

- To bring together global leaders, brand owners, converters, recyclers, and technology providers to discuss innovations and future pathways in speciality films and flexible packaging.
- To create a high-level knowledge-sharing platform focused on sustainability, circular economy, recycling technologies, EPR compliance, and responsible packaging solutions.
- To facilitate networking and business opportunities for MSMEs, start-ups, and industry professionals by connecting them with international markets and advanced technology providers.
- To promote adoption of next-generation materials, automation, digitalization, and high-performance packaging solutions across industries.
- To support India's role as a global hub for speciality films and sustainable flexible packaging by fostering collaboration across manufacturing, R&D, policy, and supply chain stakeholders.

Vision

- To position the conference as the leading global platform for innovation, sustainability, and growth in speciality films and flexible packaging.
- To drive the transition towards a circular, low-carbon, and environmentally responsible packaging ecosystem in India and worldwide.
- To empower MSMEs and brand owners with global best practices, technological advancements, and scalable solutions that strengthen competitiveness.
- To build long-term international partnerships that accelerate investment, R&D, recycling infrastructure, and export opportunities in the packaging sector.
- To align the industry with national priorities such as Make in India, Green India, Digital India, and global commitments like ESG, net-zero goals, and sustainable manufacturing

WHO SHOULD ATTEND

- **Brand Owners & FMCG Companies**
- **Speciality Films & Flexible Packaging Converters**
- **Raw Material & Additive Manufacturers**
- **Recycling & Waste Management Companies**
- **Packaging Machinery & Technology Providers**
- **Sustainability & Circular Economy Experts**
- **Government, Regulatory & Policy Bodies**
- **Logistics, Supply Chain & E-Commerce Companies**
- **Investors, Venture Capital & Financial Institutions**
- **MSMEs & Start-Ups**
- **International Participants**

WHY TO ATTEND

Why Attend the Global Speciality Films & Flexible Packaging Conference & Expo Gain **Global Industry Insights** Hear directly from global and Indian industry leaders, brand owners, and experts on the latest developments, market trends, regulatory updates, and future directions in speciality films and flexible packaging. **Discover Cutting-Edge Innovations** Explore the newest advancements in high-barrier films, mono-material structures, sustainable packaging, smart films, coatings, and recycling technologies showcased by leading manufacturers and solution providers. **Stay Ahead on Sustainability & Compliance** Understand evolving global regulations, EPR norms, recyclability standards, and circular economy models, helping your business remain compliant, competitive, and future-ready. **Network with Decision-Makers** Connect with CEOs, CXOs, brand owners, converters, raw material suppliers, machinery manufacturers, recyclers, investors, and policymakers—creating valuable business

MSME Chamber of Commerce and Industry of India (MSMECCII) regularly organizes **large-scale global conferences and exhibitions**, bringing together Indian and international industry **leaders, policymakers, experts, and investors** on a single platform. These prestigious forums facilitate high-level discussions on **global developments, emerging trends, policy updates, and future opportunities across diverse industry sectors**, fostering collaboration, knowledge exchange, and sustainable economic growth at both national and global levels.

Looking ahead, MSMECCII is gearing up to host **mega international trade shows and exhibitions in Delhi and Kolkata**, designed to showcase Indian manufacturing excellence, promote exports, attract foreign investment, and open new domestic and global business opportunities for MSMEs.

With a strong belief in **inclusive growth, sustainability, and self-reliance**, MSMECCII continues to serve as a catalyst for industrial progress—supporting enterprises, creating employment, boosting exports, and contributing decisively to India's journey towards a **Viksit Bharat @2047 Vision**.

EXPECTED OUTCOMES / KEY TAKEAWAYS

- ✓ Clear Understanding of Global Sustainability Trends
- ✓ Roadmap for EPR & Regulatory Compliance
- ✓ Insights Into Next-Generation Packaging Technologies
- ✓ Practical Strategies to Reduce Environmental Impact
- ✓ New Business Leads & Global Partnerships
- ✓ Better Decision-Making for Future Investments
- ✓ Enhanced Competitiveness for MSMEs & Start-ups
- ✓ Knowledge on Circular Economy Business Models
- ✓ Improved Product Development & Innovation Capability
- ✓ Contribution to National & Global Sustainability Goals

Rigid Packaging

CONFERENCE AGENDA

14th - 15th
March 2026

DAY 1- 2

1st - Day Conference Agenda: Specialty Films & Flexible Packaging

 **Date:** 14th March 2026

 **Time:** 9:00 AM – 6:00 PM

 **Venue:** Taj Vivanta Hotel, Kolkata
Hall No: 1

8:00 AM – 9:00 AM

Registration

- Attendee registration and networking.
- Exhibition booths showcasing latest films, lamination technologies, and sustainable packaging solutions.

9:00 AM – 9:10 AM

Inaugural Address

- Welcome note by the Chairman MSMECCI.
- Overview of the global and Indian flexible packaging industry landscape.

9:10 AM – 9:55 AM

Keynote Session: Future of Flexible Packaging & Specialty Films

- **Speaker:** Industry veteran / CEO of leading packaging company
- **Topics:**
 - Market growth in India & globally.
 - Emerging trends in specialty films.
 - The role of technology and innovation in flexible packaging.

Speaker

Speaker

Speaker

9:55 AM – 10:40 AM

Panel Discussion: Sustainability & Circular Economy in Packaging

- **Topics:**
 - Biodegradable films, compostable packaging, and recyclable solutions.
 - Corporate responsibility and net-zero packaging initiatives.

- Government policies & regulations supporting sustainable packaging.
- **Panelists:** Sustainability experts, brand owners, and recyclers.

10:40 AM – 11:30 PM Technical Session 1: Innovations in Specialty Films

- **Topics**
 - Barrier films, high-performance laminates, metallized and BOPP films.
 - Smart packaging: anti-counterfeit films, QR codes, and intelligent labeling.
 - Food-safe, pharma-grade, and medical packaging films.

11:30 AM – 12:00 PM Networking Tea / Coffee Break

12:00 PM – 1:00 PM Technical Session 2: Flexible Packaging for FMCG & E-Commerce

- **Topics:**
 - Stand-up pouches, zipper pouches, retort pouches, and vacuum packs.
 - Packaging design for branding & consumer appeal.
 - Cost-effective solutions without compromising quality.

1:00 PM – 1:45 PM Networking Lunch & Live Demonstrations

- Live demo of laminating machines, printing technology, and biodegradable films.

1:45 PM – 2:40 PM Market & Trade Insights Session

- **Topics:**
 - Import-export trends, raw material sourcing, and global trade channels.
 - Market share analysis of Indian flexible packaging companies.
 - Opportunities for MSMEs and startups in flexible packaging sector.

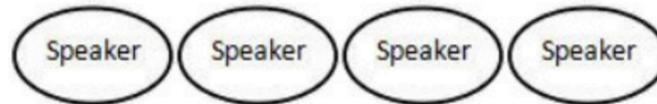

2:40 PM – 3:20 PM

Panel Discussion: Automation, Digital Printing & Industry 4.0

• **Topics:**

- Role of automation in high-volume packaging.
- Digital & flexographic printing solutions.
- Reducing wastage and energy efficiency through smart technologies.

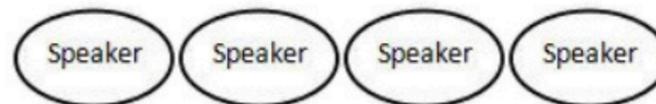

3:20 PM – 4:00 PM

Case Study Session: Brand Success Stories

• **Topics:**

- How top FMCG brands improved shelf appeal & consumer engagement through flexible packaging.
- Cost optimization & sustainability in packaging strategies.

4:00 PM – 4:30 PM

Technical Session 3: Specialty Films for Pharma & Healthcare

• **Topics:**

- High-barrier films for pharma & medical devices.
- Regulatory compliance and packaging integrity.
- Innovations in blister films, pouches, and sachets.

4:00 PM – 4:30 PM

Coffee & Networking Break

4:30 PM - 4:50 PM

Future Outlook: Opportunities & Challenges

- **Speaker:** Industry thought leader

• **Topics:**

- Trends in biodegradable films, alternative raw materials.
- Industry consolidation & collaborations.
- Investment opportunities and government incentives.

Highlights of This Agenda:

- Covers **all current industry subjects**: sustainability, innovation, automation, trade, FMCG, pharma, and market insights.
- Combines **technical sessions, panel discussions, case studies, and live demonstrations**.
- Balanced **knowledge + networking** for brand owners, manufacturers, converters, and suppliers.

Panel Discussion Agenda

- **Topic:**

“ Driving Brand Value Through Innovative & Sustainable Packaging “

Duration: 45 minutes

Panelists: 5 Brand Owners / Industry Experts

Moderator: Experienced industry journalist / packaging consultant

4:50PM - 5:00PM

Welcome & Introduction (10 min)

- Moderator introduces the panel topic.
- Brief overview of industry context: current trends in consumer packaging, sustainability, and technology adoption.
- Introduction of the 5 panelists with focus on their brand expertise.

5:00PM - 5:10PM

Opening Perspectives by Panelists (10 min)

- Each panelist gets **2 minutes** to share:
 - Their brand's approach to packaging innovation.
 - Challenges faced in flexible packaging adoption.
 - Success story or unique initiative in packaging design or sustainability.

5:10PM - 5:30PM

Interactive Discussion (20 min)

Key Themes / Questions to Cover:

1. Sustainability & Consumer Expectations

- How are brands aligning packaging with sustainability goals?
- Balancing eco-friendly packaging with cost and shelf appeal.

2. Innovation & Differentiation

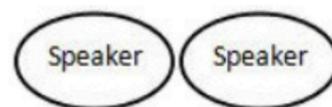

- Use of specialty films, barrier films, smart packaging, and printing techniques to enhance brand identity.
- Case studies of packaging innovation driving sales growth.

3. Supply Chain & Scalability

- Challenges in sourcing, production, and distribution of flexible packaging.
- Collaborations with converters and suppliers for efficiency and quality.

4. Regulatory & Compliance

- Meeting food safety, pharma, or export compliance requirements.
- Navigating evolving government regulations.
- Moderator ensures **each panelist contributes** and encourages interaction among them.

5:30PM - 5:40PM

Audience Q&A (10 min)

- Open floor for **3–5 audience questions**.
- Panelists provide short, actionable insights.

5:40PM - 5:50PM

Key Takeaways & Closing (10 min)

- Moderator summarizes main points
- Each panelist gives **1-line actionable advice** for brand owners looking to innovate their packaging.

Highlights of This Agenda:

- **Balanced structure:** Intro, individual perspectives, interactive discussion, audience Q&A, and closing.
- **Action-oriented:** Focused on practical insights for brand owners.

- **Time-efficient:** Each section is tightly timed to ensure smooth flow.
- **Engaging:** Covers sustainability, innovation, supply chain, and regulatory aspects – all highly relevant to brand owners today.

Speaker

5:50PM - 6:00PM

Closing Remarks & Vote of Thanks

- Summary of key takeaways.
- Networking opportunities and post-event B2B meetings.

Speaker

2nd - Day Conference Agenda: Specialty Films & Flexible Packaging

 **Date:** 15th March 2026

 **Time:** 9:00 AM – 12:00 PM

 **Venue:** Taj Vivanta Hotel, Kolkata
Hall No: 1

Session Title

” Rigid, Rotogravure & Flexible Packaging Technologies – Automation, Circularity & Global Competitiveness by 2030 “

Duration: 1 Hour details

Agenda

| Time | Topic | Format / Details |
|------------------------|---|--|
| 9 : 00 AM - 9 : 10 AM | Opening & Context Setting | Moderator introduces the session, importance of rigid packaging in FMCG, pharma, and food industries. Highlights global trends and India’s growth potential. |
| 9 : 10 AM - 9 : 20 AM | Materials & Technologies | Expert presentation on rigid packaging materials: APET, PVC, HIPS, PP, PC. Discuss thermoforming, co-extrusion, multi-layer rigid sheets, and barrier technologies. |
| 9 : 20 AM - 9 : 30 AM | Innovation & Sustainability | Focus on eco-friendly rigid packaging: recyclable PET sheets, mono-material solutions, bioplastics, and circular economy strategies. Case studies from leading companies. |
| 9 : 30 AM - 9 : 40 AM | Market Insights & Business Opportunities | Overview of the Indian rigid packaging market: growth sectors (pharma, food, beverages), investment trends, opportunities for converters & manufacturers. Key challenges and future outlook. |
| 9 : 40 AM - 9 : 50 AM | Q&A / Interactive Discussion | Panel / expert answers questions from participants; focus on practical insights and challenges. |
| 9 : 50 AM - 10 : 00 AM | Closing & Key Takeaways | Moderator summarizes key learnings, actionable insights, and next steps for the audience. |

Speaker

Speaker

Speaker

Speaker

Speaker

Speaker

Focus:

- Emerging materials (APET, PP, HIPS, PC) and design innovations.
- Recyclable & mono-material rigid packaging.
- Investments and market opportunities in India’s rigid packaging segment.

Key Takeaway:

“ Rigid packaging’s transformation journey — from high durability to high sustainability. “

World-class agenda

10:00 AM – 10:45 AM Rotogravure Printing Technology: Driving Quality, Efficiency & Sustainability in Modern Packaging.

Duration: 45 Minutes

Session Type: Technical Panel (4 Speakers) + Live Q&A

Context :

Rotogravure printing remains a backbone of premium flexible packaging. With rapid automation, solvent recovery systems, and digital pre-press technologies, the sector is witnessing a transformation toward eco-efficiency and smart production .

Proposed Agenda Breakdown :

| Time | Topic | Speaker Focus |
|---------------------|---|--|
| 10:00 AM – 10:10 AM | Session Introduction & Global Overview | Moderator outlines trends in gravure printing, automation, and digital integration. |
| 10:10 AM – 10:20 AM | Innovations in Cylinders, Inks & Substrates | Speaker 1: Latest developments in laser engraving, low-VOC inks, and compatibility with biodegradable films. |
| 10:20 AM – 10:30 AM | Smart & Sustainable Printing Operations | Speaker 2: Integration of AI, IoT, and process automation for precision and efficiency. |
| 10:30 AM – 10:40 AM | Energy Efficiency & Waste Reduction | Speaker 3: Case study on solvent recovery, waste minimization, and lean production in gravure plants. |
| 10:40 AM – 10:45 AM | Q&A and Closing Remarks | Speaker 4: Responds to audience queries; highlights training, skill, and export readiness. |

Key Takeaway :

“ Modern gravure printing combines heritage precision with digital intelligence for the sustainable packaging era. “

10:45 AM – 11:30 AM Flexible Packaging Machinery: Automation, Speed & Smart Converting for Global Competitiveness

Duration: 45 Minutes

Session Type: Industry Panel with 4 Technical Leaders

Context:

In a world driven by sustainability and efficiency, flexible packaging machinery is evolving through automation, robotics, AI-driven quality control, and recyclable material compatibility. This session will showcase next-generation equipment that makes Indian converters globally competitive.

Proposed Agenda Breakdown :

| Time | Topic | Speaker Focus |
|---------------------|---|---|
| 10:45 AM – 10:55 AM | Session Introduction & Context Setting | Moderator introduces India's growing role in global packaging equipment manufacturing. |
| 10:55 AM – 11:05 AM | Automation & Smart Converting Systems | Speaker 1: Digital twins, AI-based inspection, and Industry 4.0 integration in packaging lines. |
| 11:05 AM – 11:15 AM | Machinery for Sustainable Materials | Speaker 2: Adaptations for recyclable, biodegradable, and mono-material films |
| 11:15 AM – 11:25 AM | Global Competitiveness & Export Opportunities | Speaker 3: Indian OEMs' rise as global suppliers – case studies and success stories. |
| 11:25 AM – 11:30 AM | Q&A and Industry Outlook | Speaker 4: Future roadmap for automation and R&D collaboration. |

Speaker

Speaker

Speaker

Speaker

Speaker

Key Takeaway:

“Automation and sustainability together are redefining the future of flexible packaging machinery — from Make in India to Serve the World.”

Speciality Films & Flexible Packaging Revolution Session, Award Presentations, and Valedictory Function within 11.30am

• Why This Agenda Reflects Global Relevance

- **Circular Economy Alignment:** Each session focuses on recyclability, mono-materials, and eco-design.
- **Technology Convergence:** Integration of AI, IoT, and automation in both printing and packaging lines.
- **Global Business Outlook:** Emphasizes export readiness, supply chain resilience, and India’s rising position as a packaging technology hub.
- **Knowledge Sharing + Networking:** Tight structure with interactive Q&A, networking breaks, and real B2B outcomes.

• End of the Session

11:30 AM – 12:00 PM

Tea / Coffee Networking Break

Purpose:

- Informal B2B interactions, exhibitor visits, and partner meetings
- An excellent opportunity for speakers, sponsors, and delegates to connect directly.
